

## Komatsu Forklift Parts

Komatsu Forklift Parts - Komatsu Forklift U.S.A. Inc., a member of the Komatsu Ltd. family, has an affirmative reputation for building robust and dependable forklifts. They are known globally as a business who has a proud heritage and who maintains a benchmark of excellence in equipment manufacturing and design.

Komatsu Forklift U.S.A., Inc., a division of Komatsu Forklift Co., Ltd., International Division and Komatsu Utility Co., Ltd remains loyal to their image of a better tomorrow. Komatsu's legacy began back in 1921, in Japan, when Komatsu Ltd commenced business as a maker of construction and mining equipment. Very soon the business grew into an industry leader and was accountable for building Japan's first state-of-the-art bull dozer and farm tractor.

Komatsu has developed into a international giant over the previous few decades thanks to their competence and strength in the field of logistics, mining, excavating and construction. Using innovative concepts and technological superiority, they continue to be at the forefront of these industries.

Evolving in 1945, Komatsu Forklift Co., Ltd has expanded immensely. Using their first-class production features and modern design methods, Komatsu has become known to manufacture the kind of rugged and dependable lift truck that customers across the globe have come to rely on. In 1976, Komatsu Forklift U.S.A., Inc was established to satisfy the increasing need for its goods in the North American market. To better costs and efficiencies, a modern plant was developed in Covington, Georgia in 1990, to unite all U.S. Komatsu Forklift product support and production operations.

Komatsu Forklift U.S.A. continues to satisfy the requirements and demands of their users worldwide while remaining a primary manufacturer and dealer of progressive lift trucks and lift truck accessories. Central and Latin America, Mexico, the Caribbean and South America are home to some of Komatsu's happy customers along with their North American clients.

After years of delivering consumer service and maintaining relationships, Komatsu Forklift recognizes that meeting the customers' needs is paramount. All new product enhancement at Komatsu starts first with the client. By welcoming participation and opinions, they are able to establish customer wants and expectations then cultivate progressive concepts and then manufacture to exceed Komatsu Engineering Standards. Assuring customers that quality is designed from the beginning and continued throughout the manufacturing, service and sales processes, allows Komatsu to end up with a top-quality product from start to finish.

Komatsu engineers are specialized experts in crafting lift trucks, construction equipment and heavy duty equipment. Their design skill and expertise assures that each new piece of equipment will last in the toughest environments and be able to survive the roughest applications. Adherence to precise engineering principles permits Komatsu Forklift to satisfy ISO 9001 standards. Computer aided design and rigorous internal quality standards all factor in to top-quality forklift products. Komatsu Engineering Standards transform the contemporary and progressive technology used in advanced mining and construction equipment into world class equipment.

The modern and efficient factory in Covington, Georgia is a full service plant. This contemporary plant begins the production process with raw steel which is then welded, fabricated and primed. When assembled and painted the forklifts are ready to leave the facility and enter the marketplace. Maintaining quality control through the duration of the production process, assures consumers that the quality is built into Komatsu's products from the very beginning.

Komatsu believes given that a product is only as valuable as the people who sell and support it, their dealers make all the difference. Komatsu Forklift is proud of their committed seller networks who strive to exceed expectations. Specialized in all aspects from product sales, service or operating education, or aftermarket support, their diverse network of experienced and capable professionals are available. Komatsu Forklift Supplier locations across the nation have a Komatsu OEM components on-hand to offer the necessary service required to keep customers' operations running smoothly. Computerized, real-time access with next day transport from their highly automated distribution hub is an alternative option. The online K-Link system assists sellers with on-line components management, service and acquisition for all major forklift brands.

At Komatsu Forklift U.S.A., Inc. they know how to serve Nationwide Accounts. Several world-class businesses rely on Komatsu lift trucks in their day-to-day operations. Countrywide account clients benefit from a unique relationship with Komatsu that permits them to customize cost-efficient services so as to raise the customer's efficiency and profits. Komatsu national account clients have access to on-line parts and service support system and a inclusive fleet administration program, offering the ability for Komatsu to be their total solution for any forklift worries.

The resourceful and dependable team members at Komatsu Forklift U.S.A., are dedicated to offering outstanding customer support no matter if it comes in the form of training, sales, aftermarket support, and longterm maintenance. They want to make sure that the client support provided will help their clients satisfy or exceed their business targets while establishing strong working partnerships in the process. Komatsu strives to identify with each of their customers' distinctive ways of doing business and enjoys working together to develop an arrangement to best insure their ongoing success.

Komatsu encourages you to get in contact with one of their many local Komatsu forklift sellers to find out more about the numerous products and services available. Customer satisfaction and support are two of the businesses top priorities and it is easy to see why thousands of customers world-wide depend on the Komatsu family of products each day.
